Petition for Arbitration of ITC^DeltaCom Communications, Inc. with BellSouth Telecommunications, Inc. pursuant to the Telecommunications Act of 1996
Docket No. 99-00430 ✓

Dear Mr. Hotvedt:

In response to your request yesterday, I have asked that our witnesses in the DeltaCom proceeding check their calendars to determine their availability for the hearing dates recently proposed by DeltaCom for September 27, 28, and 29. As soon as I hear back from our witnesses, I will let you and Mr. Baltimore know. Since many of our witnesses are traveling or appearing in other proceedings in other states, it may be a day or so before I hear back.

In response to the request which I understand Mr. Walker has made regarding the consolidation of the reciprocal compensation issue in these arbitrations, BellSouth would like to offer a proposal. While we do not believe that it makes sense to consolidate one issue on a piece-meal basis since two hearings will still be necessary under that scenario, BellSouth proposes that both arbitration hearings be consolidated in their entirety. Certain efficiencies would certainly be realized if the two arbitration hearings were consolidated.

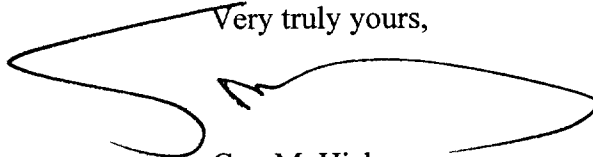

BellSouth also proposes that if the two arbitrations are consolidated in their entirety, that the parties enter into an agreement similar to the one reached in connection with the e.spire and Intermedia arbitrations which set forth procedural safeguards such as limiting cross-examination by a party to the issues raised by that party in its petition for arbitration.
